dall'acqua…in poi…
from water…onwards…

Simple hydrogeology for simple people in developing countries

ONLUS: NON LUCRATIVE ORGANIZATION OF SOCIAL UTILITY

…onwards…!

means that GsF has faced many other problems which are connected with water supply to people in poor Countries, such as:

. Children: supply of clothes and toys (Mali, Haiti, Togo)
.Children at school: supply of new benches (Mali), deaf and dumb school in Rwanda
.Children entertainment: Honduras, Togo, Rwanda, Haiti

.Children orphanages: support to orphanages : Togo, Rwanda, Haiti
.Support in building new schools : Togo (Avovo Village), Gambia

.Photovoltaic lighting: Togo (Fadakopé)
.Medicine delivery: Gambia, Togo, Haiti

.**School of Music in Haiti, new Project arisen with a local Association operating in Leogane area during the Project inauguration in November 2012**

since 2002, when we have started, Water Projects have been carried out in
