

Panel of Experts for Geotechnics 2019 Report

Dr. Geologist Gabriele Ponzoni
Coordinator of the panel

EFG Autumn Council Meeting
Brussels, Belgium
23-24 November 2019

Main activities in 2019

Challenges

1° produce articles or documents for the public and the political environment

2° analyze the Regulatory/law differences between countries

3° create direct contacts between small international groups

Outlook

Develop the BIM project for geologists [note annex 1]

*a concrete step to raise the certified design
and technical skills of geologists to the same level*

Thank you for your attention!
